Day-3

11-05-2023

Saturday

The 3rd day Summer Camp 2024 began with gusto and exuberance in Delhi Public School, Dhenkanal. Students participated in various activities like Basketball, Cricket, Yoga, Aerobics, Dance, Music, Drama, Chess, Spoken English, Art & Craft, Badminton. The camp initiated with Prayer, Yoga and Martial Arts activities. The students played Chess, Badminton, did Drawing & Painting, Aerobics, learnt Craft & Clay making, Spoken English and Dance.. The students exhibited great zeal, interest, vigour & curiosity to learn more.

Summer Camp is an opportunity to hone certain life skills while having fun. It provides a platform for the kids to explore and express their creativity. Our youngest campers explored the wonders of laughter through a captivating drama. And as they say, Forget the troubles and immerse in the world of Dance, Music and Instruments - DPSites truly justified it.

The highlights of the summer camp are that it is conducted by trained professional coaches who take physical fitness of the students and training to the next level. All the activities of the 3rd day were conducted smoothly.

'Some memories are forgettable, remain ever vivid and are truly heartwarming.'

Nursery to std II

YOGA- Yoga is an ancient practice originating in India. It combines physical postures, controlled breathing, and meditation to improve physical and mental health. While doing yoga our students of Std Nursery to Std II enjoy a lot.

(Under the Aegis of the Delhi Public School)

Nursery-Finger printing (bird) Asked the child to select his favourite colour. Then I dipped his finger into it and asked him to print everywhere inside the outline of the bird. He enjoyed dipping his finger and doing it.

PREP - In this game you set up a numeral cards and then matches different dot card this is really fun game that helps kids recognise how written numerals connect to quantities. This game help children see how written numerals 1,2,3 represent quantities. Understanding how quantities relate to numeral and number words is an important skill support. Children's learning by pointing out when numbers words matches written numerals and dot quantities. Today my Little Angels of Prep enjoyed this fun game a lot.

* **STD-1 Earbud painting** is the technique of using earbuds to paint beautiful art pieces. Using earbuds for painting sounds very unbelievable. But Rooftop organised a one-of-a-kind Ear Bud Painting Workshop with Disha Teckchandani to make everyone aware of this unique art form

* Nursery -Std-2 Dance (Modern)

Dancing is such a great option when it comes to overall health. Our Pre-Primary students grooved it to their best with all the physical movement—twirling, jumping, balancing, bending—dancers are getting a full-body workout with every routine. Our children will receive a beneficial aerobic workout, along with improved strength and flexibility. While dancing they enjoy with their friends.

STD-2 Mini wiper painting requires a steady hand and a lot of attention to detail, which can help improve your fine motor skills. It can also help improve your hand-eye coordination and spatial. Children used hand wiper and paints to to create their imagination and the results were just beautiful.

Nursery-Std-2 Football Today students learn the technic of mental agility . Students enjoyed a lot

Our tiny tots were taught to throw and catch the ball in circle by the coach. Students enjoyed it. Some missed and some excelled.
