Day-4
12-05-2023
Sunday

‘The summer tan will fade but the memory will stay forever.’

The 4th day of the Summer Fiesta, 2024 began with soul and mind soothing Yoga which channelised everyone’s positive energy for the day. The special attraction of the day was Horse Riding, with the horses named Bullet and Raju which the students thoroughly enjoyed. Various other activities such as Basketball, Cricket, Yoga, Aerobics, Dance, Music, Drama, Chess, Spoken English, Art & Craft, Badminton.

Students eagerly participated in the activities, demonstrating their enthusiasm and passion. The turnout for each activity was impressive, with active engagement observed throughout the event. Students displayed a commendable level of sportsmanship, creativity, and dedication in their respective activities.

In conclusion, the Summer Fiesta event today was a resounding success, thanks to the collective efforts of students, teachers, and organizers. The event not only provided a platform for students to showcase their talents but also fostered a sense of unity and school spirit.

Nursery to std II

YOGA- Yoga is an ancient practice originating in India. It combines physical postures, controlled breathing, and meditation to improve physical and mental health. While doing yoga our students of Std Nursery to Std II enjoy a lot.

Nursery- Maths Game (*I SPY*)

Spread all the cards and mentioned a number. The student has to pick out the number and hold it. He loved the game. Took him around to play some more fun games. Enjoyed it.

PREP - Cotton board painting -Is simply using the bud end of your cotton bud to paint tiny dots that form to make a picture. Today my tiny tots enjoyed bud Painting a lot. As they dip the cotton buds into the various paints children enhance their fine motor skills. The small precise movements required for this activities help develop their hand-eye coordination and control. Children learn how to dip their buds in the paints and how to paint in a paper.

* **STD-1-MATH FUN GAME** - Playing with balls can provide a ton of developmental benefits for children. Ball play builds hand-eye coordination, gross and fine motor skills, spatial awareness, grasping skills, problem-solving skills, balance, and even language and social skills.

* Nursery -Std-2Dance (Modern)

Dancing is such a great option when it comes to overall health. Our Pre-Primary students grooved it to their best with all the physical movement—twirling, jumping, balancing, bending—dancers are getting a full-body workout with every routine. Our children will receive a beneficial aerobic workout, along with improved strength and flexibility. While dancing they enjoy with their friends.

Reflection

STD-2 MATH FUN GAME- Children can use the attentiveness they develop while playing math games to maintain their focus on other tasks and their education throughout their lives. Playing number math games that focus on particular concepts like number sequence which boosted their memory

NUR-STD-HORSE RIDING horseback riding for kids are obvious. For example, horseback riding builds confidence and is a great form of exercise. It also has a few surprise benefits. For example, riding horseback improves cognitive ability in kids. This means an improvement in the ability to learn. It happens because the vibrations during riding get the sympathetic nervous system going.
